- 3.0 **Electronic Billing.** Electronic Billing is an optional billing service whereby Customers may elect to receive, view, and pay their bills electronically. Any notices which the Company is required to send to a Customer who has elected an Electronic Billing service may be sent by electronic means at the option of the Company. Except as otherwise provided in this section, all other provisions of the Company's tariffs and the Commission's Rules and Regulations are applicable to Electronic Billing. The Customer must provide the Company with a current email address for electronic bill delivery. If the Electronic Bill is electronically sent to the Customer at the email address that Customer provided to the Company, then the Electronic Bill will be considered properly sent. Further, the **Customer will be responsible for updating the Company with any changes to this email address.** Failure to do so will not excuse the Customer from timely paying the Company for utility service.

- 4.2 **Limitation of Company responsibility.** The Company does not assume the responsibility of inspecting or maintaining any customer's piping or apparatus and will not be responsible therefor; however, the Company reserves the right to refuse water service unless the customer's piping or apparatus is installed in such manner as to prevent cross connections or backflow into the Company's system in compliance with the Company's Cross-Connection/Backflow Tariff as approved by the Commission.
